INDEPENDENT AUDITORS' REPORT

Board of Directors Curamericas Global, Inc.

We have audited the accompanying statement of financial position of Curamericas Global, Inc. (a not-for-profit organization) as of September 30, 2007, and the related statements of activities, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Curamericas Global, Inc. as of September 30, 2007, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated January 10, 2008 on our consideration of Curamericas Global, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary schedules as listed in the table of contents are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and are not required parts of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Information for the year ended September 30, 2006 is presented for comparative purposes only and was extracted from the financial statements presented by net asset class for that year, on which an unqualified opinion dated November 7, 2006 was expressed.

NOTES TO FINANCIAL STATEMENTS

September 30, 2007

NOTE 1 – ORGANIZATIONAL STRUCTURE AND PURPOSE

Curamericas Global, Inc. (the Organization) is a not-for-profit corporation that works to alleviate suffering by improving the health education and access to care for families and communities living in dire human need. With a special focus on women of reproductive age and their children, the Organization teaches women how to detect and treat the symptoms of illness that, if untreated, will decrease their own survival and that of their children.

A portion of the Organization's activities is conducted through Latin and South American not-for-profit institutions. These institutions are legally separate entities working cooperatively to promote health programs. For financial reporting purposes, these institutions are considered to be subrecipients of federal funds. The financial statements of these institutions are not combined with Curamericas Global, Inc's financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Curamericas Global, Inc. is presented to assist in understanding its financial statements. The financial statements and notes are representations of Curamericas Global, Inc.'s management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

Curamericas Global, Inc.'s financial statements are prepared on the accrual basis of accounting, recognizing revenues when earned and expenses when incurred. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires within the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Property and Equipment

Property and equipment are stated at historical cost at the date of acquisition. Donated assets are recorded at fair market value at the dated of donation. Depreciation is computed using the straight line method over the estimated useful life of the asset. Repairs and maintenance are expensed as incurred and betterments and improvements are capitalized. Management has elected to expense property and equipment forwarded to foreign locations rather than to capitalize and depreciate these assets over their estimated useful lives. Since it is unlikely that these assets could be economically returned for other uses, their costs are reflected as a part of the program expenditures in the year incurred.

Accounts Receivable and Allowance for Doubtful Accounts

Curamericas Global, Inc. considers accounts receivable to be fully collectible at September 30, 2007; therefore, no allowance for doubtful accounts is required.

In addition, the Internal Revenue Service has determined that Curamericas Global, Inc. is not a "private foundation" within the meaning of §509(a) of the IRC. Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported accounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Curamericas Global, Inc.

We have audited the financial statements of Curamericas Global, Inc. as of and for the year ended September 30, 2007, and have issued our report thereon dated January 10, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Curamericas Global, Inc.'s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and other Matters

As part of obtaining reasonable assurance about whether Curamericas Global, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the audit committee, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Directors Curamericas Global, Inc.

Compliance

We have audited the compliance of Curamericas Global, Inc. with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended September 30, 2007. Curamericas Global, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Curamericas Global, Inc.'s management. Our responsibility is to express an opinion on Curamericas Global, Inc.'s compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Curamericas Global, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Curamericas Global, Inc.'s compliance with those requirements.

In our opinion Curamericas Global, Inc. complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2007.

Internal Control Over Compliance

The management of Curamericas Global, Inc. is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Curamericas Global, Inc.'s internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
